To Whom It May Concern,

I am writing to alert to three errors in the 2021-2022 submission. One student enrolled, but never attended, one student enrolled, attended, but left before the count day, and the third enrolled, attended, and withdrew, but I am unable to clear them from the report.

I am also writing to alert you to the fact that we have hundreds of overlapping enrollment errors that relate to the Food Service Eligibility in the 2020-2021 SY and the 2019-2020 SY. The SIS is working to fix, but I am not sure this will be resolved by the snapshot. If there are any work-arounds that DPI/WISE might suggest, I would be happy to assist in getting this data cleaned up.
